All the problems of the U.S. government are intertwined with the CCP's #BGY (Blue, Gold, Yellow - Internet, Money, Gas) in the U.S. and the CCP's systematic and #organized #Hijacking of the U.S. #economy.

Obama wrongly claims there is "no evidence" that Republicans have been attacking our Christian religions. Don't you wish someone would ask her why??? Maybe you can ask her (liberal)! Or maybe one of the reporters could ask her. I'm sure black, brown and white would be interested.
